

North Valley Occupational Center

Mission Statement

North Valley Occupational Center offers educational and training opportunities that provide a diverse population of students with skills to participate more effectively in the family, at work and in the community.

SPECIAL ISSUE NEWSLETTER

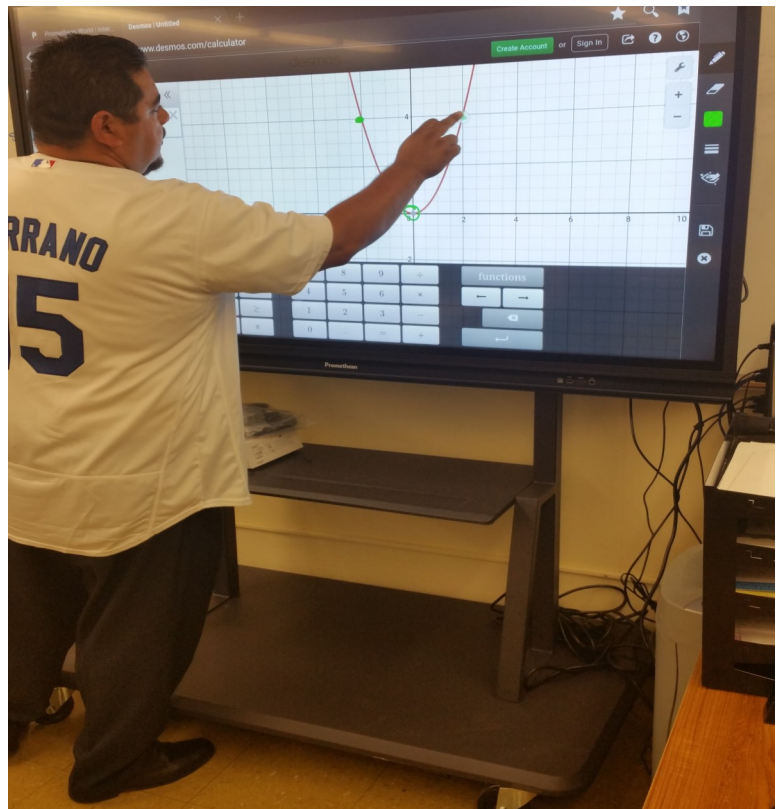

NVOC Year in Review

A picture is worth a thousand words, so this newsletter, the last for this school year, is all about photographs. Before you embark on a long and restful summer, take a visual trip back in time to NVOC 2017-2018. We cannot end the year without acknowledging all the staff members who contributed to the great events that were part of this year. Whether it was field trips, professional developments, special events, holiday celebrations, student council, award ceremonies, competitions, anything whatsoever that improved student learning, please know on behalf of the entire administration team, we thank you for your dedication, contributions, and support that makes up NVOC pride. There are too many people to name individually in this small space, so a great big THANK YOU goes out to everyone as we mark the end of the school year. Know that you are part of a community of teachers that serves thousands of students improving their lives and their families. Without a doubt, working with students is being part of that positive change. Well, I said this bulletin was all about pictures, but I could not help myself to thank everyone for a great year. Have a happy summer

- Refugio Rios, APO
